

EverWood®

ENGINEERED FINISH *by Infinity® from Marvin*

Can you tell the difference?

THE BEAUTY OF WOOD

THE LOOK, THE WARMTH,
THE COLOR

Introducing EverWood, our revolutionary interior wood grain finish that looks, feels, paints and stains like wood, yet is made of an inorganic material for years of lasting beauty. Its natural appearance beautifully complements any interior woodwork in your home. Now you can enjoy all the benefits of wood in a superior, low-maintenance replacement window by *Infinity from Marvin*.

EverWood Interior

Natural Wood Interior

ULTRA-DURABLE PERFORMANCE

SOLID WINDOW, STRONG FINISH, LOW MAINTENANCE

Long-lasting EverWood is made from an inorganic material, and it won't absorb moisture or decay over time. There's no warping, discoloration, material degradation, expansion, or contraction, just remarkably reliable performance and lasting beauty year after year. EverWood is only available on our strong, durable Ultrex® fiberglass replacement windows. Made from pultruded fiberglass, Ultrex is eight times stronger than vinyl and superior to other window materials in virtually every way. Together, EverWood and Ultrex offer unmatched strength, beauty and reliability.

EverWood®, the interior wood grain finish from *Infinity*, is available on Casement and Awning screens. Have the look of wood-framed screens that are stained to match your interior trim without the maintenance of wood!

REPLACEMENT WINDOWS

What could be easier?

EverWood[®], the remarkable engineered interior wood grain finish by *Infinity[®] from Marvin*, is easy to stain in just a few, simple steps. It takes stain like wood, and thanks to its extreme durability, you'll enjoy the rich, natural look of wood for years to come.

SIMPLE TO STAIN

- 1 Clean the surface with a mild detergent. Mask off all non-wood grain areas of the window.
- 2 Select a high-quality gel stain in a color to match your existing trim. Test it on the provided EverWood sample to make sure it's a match.
- 3 Apply the stain in the direction of the grain. Follow the stain manufacturer's application instructions and finish with high-quality polyurethane.
